

ADVANCING THE PROFESSION

ETHICAL FOUNDATIONS FOR PEERS

Virtual Live Interactive

APPROVED BY BOARDS: MARYLAND, NEW YORK, NH, FL, CO AND NAADAC APPROVED PROVIDER

COURSE DESCRIPTION

12 OR 16 HOURS COURSES AVAILABLE

This training will address what ethics are and their role in peer recovery support. This training will explore the importance of boundaries and boundary management extensively and the need for continuous monitoring of boundaries. The training will explore adverse outcomes as a result of poor ethical guidelines and boundary management. Additionally, this training will discuss HIPAA and 42CFR part two regarding confidentiality.

COURSE OBJECTIVES

- Learn what ethics are and why they're important
- Learn the differences and similarities around a Code of Ethics and Code of Conduct
- Identify and discuss potential boundary issues and boundary management in peer support roles
- Learn decision-making models
- Understand confidentiality in peer support roles; HIPAA and 42CFR part 2
